

MANAGER'S MINUTE

It's pumpkin Friday! Bring in your carved creations tomorrow morning. Several witches will be flying around the gym with cackles and giggles and pumpkin awards during snack time.

In the spirit of Kathy's toy theme from yesteryear, our fifth and sixth grade students made over 60 Jacob's Ladders to share with all Beach students. All students will be bringing their "ladders" home today. If you have internet access, go to YouTube and then Toyjacobs ladder. This video has great ideas. Chuck Papish, our boat engineer, helped with the project.

Kathy's latest challenge involves the Hula Hoop. Remember those revolving hips. You can relive the 60's with our students during recess tomorrow when the Hoop De Doo challenge will happen.

PTO HALLOWEEN PARTY NEWS
