

Classified Applicants (Regular and Substitute):

If you are downloading the regular or substitute applications from our website, may I suggest that you print a blank document and fill it out by hand rather than filling it out online. Currently the regular application is an excel worksheet, and will be visually easier to fill out once printed. This will also tell you right away if there are going to be any formatting problems. In the substitute application, the Forms I-9 and W-4 are PDF files; you need adobe acrobat to read them (this is a free software application you can download from our website). Please note that the title of each application piece you are downloading is numbered and that applications should be submitted with pages in this order.

If you have any questions please call me at 383-9200.

Sincerely,

Tanya
