Dear Orca Parents,

“Whatever it takes...” You have seen this on shirts worn by every single staff member at Eagleridge this fall. It is our theme for the year. We would like you to join in on our theme to do whatever it takes to help every child that we work with meet grade level goals in both math and reading. All of our discretionary resources, our professional development and our team efforts will focus on the question of how to get 100% of our students to meet these. Our two school improvement goals this year are:

Reading: During the 2009-2010 school year, all students will master all components of fluency as measured by DIBELS and building-wide expression/ phrasing/accuracy rubric.

Math: During the 2009-2010 school year, all students will have fluency with grade level facts as measured by a building-wide assessment.

If you have not yet seen the specifics of what we are striving for, then you soon will in a curriculum night or in handouts coming home. We look forward to working with you to do “Whatever it takes...” to make sure that your child succeeds.

John

Student Tip of the Week

“Don’t take a bath or shower with sweet or fruit smelling soap.” “It attracts bees,” says Daniel from Mr. Woods Kindergarten class. *Daniel is a student who has noticed the increased activity of bees. We would all be better off if we took his advice. ☺*

WASL Results from Spring 2009 in the mail

WASL results from spring 2009 testing are being sent home in the mail this week.

HELP! We are looking for someone whom has access to the machinery needed to move a large tree. Presently, it's blocking our new Coast Salish Orca mural. We don't want the tree killed, just moved to another location so the gorgeous artwork designed and painted by our Eagleridge students can be properly appreciated. Please call the school if you are willing and able to help with this project.

PTO Meeting tonight, Monday, September 14, 2009

Calendar of Events
